MAYSVILLE DISTRICT EPWORTH LEAGUE INSTITUTE

The first meeting of the Maysville District Epworth League Institute, composed of Epworth League Chapters in this immediate section, was held Saturday at the Methodist church, in this city, the program beginning at ten o'clock, with Miss Elizabeth Lilleston, of Paris, District Secretary, presiding. The event was an all-day meeting, attended by a large number of delegates from Paris and several of the surrounding cities in the district. This, the first meeting of the kind to be held by the League, was voted an unqualified success. The next meeting will be held at Millersburg, in 1922.

The program opened with the devotional exercises conducted by Miss Laura Lilleston, of Paris, followed by a report on Junior League Work, by Mrs. J. E. Savage, of Lexington, Superintendent of Junior Work of the Kentucky Conference. Other interesting features of the program were: The Intermediate report by Miss Louise Kohlase, of Winchester, Intermediate Superintendent of the Kentucky Conference; Spiritual Work, report by Dennis V. Snapp, former president of the State League; Social Service, report, by Rev. J. R. Savage, Lexington, Chairman Epworth League Board; reports from League Chapters in the district; Round Table Discussion, "Methods of Conducting the Epworth League," Rev. C. H. Greer.

Following luncheon, Mrs. H. A. Power presided at the devotional exercises, which was followed by a business session, address on "Recreation and Culture," by Mrs. H. A. Palmer, of Carlisle, reports on Missions by J. A. Bricken, of Lexington, president of the League. Mr. Bricken also delivered the closing address.

SOCIETY FOLKS READ

Our line of samples of the famous Jenner Line of Yuletide Greeting Cards has just arrived. This is the best line that can be purchased. Lots of our customers were forced last season to make several selections on account of the line selling out so quickly. Come in during September and place your order and be sure and get what you want and while the variety of stock is complete.

SUNDAY NIGHT AUTO ACCIDENT INJURES THREE

Two automobiles were completely demolished and three persons severely injured in a head-on collision which occurred Sunday night about 8:30 o'clock, near the residence of Mr. C. L. Marshall, one mile from Millersburg.

Miss Jessie Crisp, formerly a member of the Paris High School faculty, her mother, and Miss Jordan, of the Millersburg High School faculty, accompanied by Mr. Ray Stipp, of Paris, were en route to Millersburg from Paris, Miss Crisp driving the machine. Approaching in the other direction a large car, in which were two young men from Salt Lick, whose names have not been learned, driving on the wrong side of the road crashed into the car driven by Miss Crisp. The force of the collision drove the engine of the young men's car through the radiator of the other car. The occupants were thrown forward with great force. Miss Crisp sustained a deep gash on her arm, and in the head, her mother's arm was cut and bruised. Miss Jordan was also slightly injured. The occupants of the other car escaped injury and made a quick getaway from the scene. It was said they were intoxicated.

The injured people were taken into Millersburg, where their injuries were given medical attention. Mr. Stipp was brought to his home in Paris. The cars were wrecked and were sent to a garage yesterday for repairs.

COMMERCIAL CLUB NOTES

A meeting will be held at the Commercial Club office at 7:30 o'clock tonight (Tuesday) to decide whether it would be feasible to hold a big exhibit in Paris next month. Tentative plans for the exhibit include the holding of a fashion show which would be presented in the form of a pageant depicting the history of the county and State, an agricultural exhibit, which would include corn and tobacco shows, and an automobile exhibit at which all the principal make of automobiles would be displayed.

At this meeting a number of the merchants, the auto men, and several representatives of the county farm bureau will be present, as well as several who are interested in the presentation of a historical pageant. The meeting will be open to all interested and especially the merchants are urged to attend.

POPULAR PASTOR RETURNED FOR ANOTHER TERM

At the recent session of the Kentucky Conference of the Methodist Church, South, which convened at Somerset, Rev. C. H. Greer was re-elected to the Paris church for the ensuing year.

Rev. Greer has served the Paris congregation for the past two years, during which time the church, under his capable leadership, has been steadily strengthened in all its departments of work. The attendance upon church services and the Sunday school shows an increase over last year, and already plans have been formulated for a better organization for the coming year. Rev. Greer has a host of friends in Paris and Bourbon county who are pleased to know that he has been returned to Paris, and his congregation gladly welcome him back as their faithful minister for another year. He is a popular pastor, an earnest speaker and a most likeable Christian gentleman.

R. S. PORTER PRESENTED WITH HANDSOME DIAMOND PIN

Shortly before his departure for West Baden Springs, Indiana, for a ten-days' stay for the benefit of his health, Mr. Robert S. Porter, popular newspaper man, was called by an urgent message to the office of the Lexington Herald's representative. Upon entering Mr. Porter at once scented an air of mystery about the place, and asked for an explanation.

Several prominent Paris business men, including A. J. Fee, Chas. P. Mann, Secretary W. E. Hacker, I. W. Bush, and others, were assembled in the office. They were as solemn as a meeting of the KuKlux Klan. Finally, after allowing Mr. Porter to remain in a state of wonderment for a few moments, Mr. Bush stepped forward, and on behalf of the assembled guests, presented Mr. Porter with a beautiful cluster diamond pin (retail price, ten cents, at the Kress Store) in token of their appreciation of his worth, and as an expression of their love. Although "overcome" by emotion, Mr. Porter made a short speech accepting the magnificent gift, and is now sporting it on his manly bosom.

POULTRY CULLING TO BE DEMONSTRATED

Two poultry culling demonstrations, showing how the hen which is a good layer can be distinguished from the one that is a poor layer, will be given in Bourbon county today (Tuesday) by A. F. Chaplin, of the University of Kentucky.

The first meeting will be held at the home of Mr. and Mrs. George Current, on the Peacock pike, at ten o'clock this morning. The second meeting will be held at the home of Mrs. Neff, at Jacksonville, at two o'clock. Everyone interested in poultry culling is cordially invited to attend these demonstrations.

BOY SCOUTS ON ALL-DAY HIKE

Headed by Scoutmaster J. C. Scott, member of the Paris High School faculty, and carrying with them complete camp equipment, about twenty Boy Scouts of Paris went on an all-day "hike" Saturday, taking in the territory immediately adjacent to Paris, from the North Middletown pike, to Maple Island, in Stoner Creek, a distance of about six miles.

Upon arrival at the Island the boys set up their tents, and made camp like old veterans. They prepared their meals, and conducted the entire affair with the ease of experienced campaigners, returning to Paris late Saturday night. Besides their regulation camp equipment each Scout carried a compass, hatchet, pike staff, and blanket roll.

A Paris man who has been with a camping party near the scene of the Boy Scouts' hiking place told a good one on them. It seems that an order of the day was to search out a party of Scouts and trail them from one place to another. The leaders had marked their trail by dropping grains of white corn at close intervals. The trackers did all right until they came to a big tree in the center of an open field, where the trail vanished. Baffled, they returned and reported to Scoutmaster Scott the loss of the trail. An investigation disclosed the fact that the tree under which the trail vanished was populated by a large colony of turkeys, which had gobbled up the corn as fast as it had been laid, consequently the trail was "a blind one" for the Scouts.

"THREE L" MARKERS ON HIGHWAY EXPLAINED

Many Paris people have wondered what the letters "L L L" painted in white on certain telephone poles in the city and county meant. The explanation is furnished by a member of the local branch of the Kentucky Motor Club, as follows:

"The letters stand for 'Louisville, Lexington and Latonia' Highway, and in the three-course automobile course between those three cities passing through Paris, over the Georgetown pike, on to Cynthiana, and then into Cincinnati."

"The new trail follows the Midland Trail from Louisville into Lexington, then down the Lexington pike, into Paris, making the turn into Eighth street at Main, then out the route indicated above. These letters indicate to the tourists the route of the new highway. From Paris the highway leads to Latonia on a direct line."

The bands have a white field, with the black letters "L L L" in the field. Below and above are orange stripes, under which appears an L or R, which indicates the direction of a turn in the highway when near a curve.

In connection with the above the Paris Commercial Club has recently had direction signs placed on all the roads leading from Paris to direct tourists into the city, and indicating the way to surrounding cities, and the mileage. The signs are in the shape of large wooden arrows, neatly lettered with the necessary information.

COMMERCIAL CLUB DISCUSSES THINGS IN GENERAL

Matters of general interest to the welfare of Paris were discussed at a recent meeting of the Paris Commercial Club. M. Peale Collier submitted a report of the successful effort made by the Paris delegates to secure a rerouting of the Dixie Highway through Paris. The matter of securing a better telephone service for Paris was discussed by the directors. Secretary Wm. E. Hacker submitted the results of recent tests made of the city water taken from hydrants at six different locations, five of which showed sewage contamination and unfit for use without boiling. A committee composed of Charles W. Spears, M. Peale Collier and B. M. Renick, appointed to take action on the water situation, announced that a meeting will be held in the next few days for the purpose of continuing efforts to obtain a lower rate and to work in the interest of a purer water supply.

BOURBON GUN CLUB

The regular weekly meeting of the Bourbon Gun Club was held on the Club grounds in East Paris, Friday afternoon. Only a few shooters were present, the sport in the fields with dove shooting appealing more strongly to the members of the Club. James L. Dodge was winner of the trophy, \$10 in trade, offered by the White Front Garage. The scores:

Voters, don't fail to register at your voting place on Tuesday, October 4, if you want to cast your vote at the November election. This is absolutely imperative. Don't forget the date, Tuesday, October 4. The polling places will be open from six in the morning until nine at night.

BASE BALL NOTES

The base ball championship of Paris and Bourbon county for boys under fifteen years of age, is claimed by the Paris Pirates, that team, according to the "dope" handed out by Arthur Hancock, Jr., having won five games lost only one this season. In the game which was lost the Pirates' pitcher was hurt. The Pirates are very proud of the good record made by the team this season.

The Paris Red Sox, (colored), defeated the Louisville Giants in a game at the Ruckerville ball park Sunday afternoon by a score of 3 to 1.

Paris and Cynthiana, old-time rivals, met in a hotly-contested game at the Second street ball park Sunday afternoon, the locals taking the long end of the score by a margin of one run. The Paris team landed on Padgett's delivery in the second inning for a total of four runs, and added another in the last half of the ninth, when Woods laced out a hot one, which carried him around the circuit. Cynthiana was held scoreless until the fifth inning, when by hard hitting and good base running they put over three runs, adding another in the sixth, tying the score. Shepherd, formerly of the South Atlantic League, was on the mound for Paris, and pitched an excellent game. The batteries were: Paris—Shepherd and Carter; Cynthiana—Padgett and McIlvaine. Umpires—McDermott and Curle. The attendance was probably the largest of the season.

The features of the game were the pitching of Shepherd and Landis, fielding by Mann and batting by Woods for Paris, and batting by McIlvaine, for Cynthiana. The score by innings:

R H E
Cynthiana . . . 000 031 000—4 5 3
Paris 400 000 001—5 6 1

The next game in the Church League series will be played at the Second street park this (Tuesday) afternoon between the Presbyterians and Methodists. The latter team now hold first place in the League race, and going fast. The game will be called at 2:30 o'clock promptly.

The Winchester Hustlers took the Lexington Reos into camp Sunday afternoon on the Lexington grounds by a score of 4 to 1. Tommy Long, of the Louisville Association team, was on the mound for the Hustlers, and was far better supported than the opposing pitcher, Jimmie Park.

HIGH SCHOOL NOTES

A two-year course in Home Economics, Mrs. Maude Asbury, B. S., Director, is offered in the High School. This course is planned to fit the students for the various activities in the home. These include preparation and service of meals, buying of food and clothing, making and caring for the family clothing, planning, furnishing and cleaning the house, child care and feeding, and home nursing, which includes invalid cookery.

The Home Economics work has been divided into two semesters, in which the foods will be given first and the clothing work the second semester.

Organizing the work into unit courses that extend through a few weeks has been found a very satisfactory and interesting arrangement for the entire year.

Units in the foods course are, elementary dietetics; preservation of foods; planning, cooking and serving of breakfast, lunch and dinner; packed lunches; child care and feeding; home nursing and invalid cookery, and entertaining.

Units offered in the second semester will include buying, making and care of garments; millinery; costume and design; home decoration; refurnishing of furniture and rooms; cleaning and laundry.

Throughout the course care will be taken to show the relation of proper food, clothing and shelter, to health.

The Home Economic Department of the Paris High School is on the Smith-Hughes foundation and is therefore under State and Federal inspection. The library and equipment are being improved.

The Paris High School will pass the three hundred mark this year and will be one of the largest High Schools in Kentucky. The organization of the school was thoroughly worked out before school opened, so from the start all class work has been going perfectly.

At the end of the second week there were more than 270 in the High School, seventy-two more than at the same time last year; 728 in the grades, sixty-nine more than at the same time last year, a total of 998.

Egg Dance Once Popular in Europe.
The egg dance, now confined chiefly to Spain, among the people of Valencia, was a once popular diversion in England, Scotland, Holland and other parts of Europe. A number of eggs were arranged in a prescribed form upon the dancing floor, and among them a blind-folded dancer moved as best he might, to music, the object being to execute an intricate dance without breaking the eggs. The music, like the arrangement of the eggs, also was prescribed.

The style of automobile most favored in Europe is the small type car.

EDITORIAL FLINGS OF THIS THAT 'EN 'TOTHER

It should be borne in mind that a typical drinking party in moviedom, even when nobody is killed or dies, isn't a party which any thoroughly respectable woman attends.

Now, honestly, wouldn't it be better for our morals, under this dry dispensation, if all mention of the battle of the Brandywine were expunged from American histories?

A Louisville woman was recently arrested for wearing an immodest bathing suit, and the newspaper account says "she was held by the Court for further examination. Ho, ho, yes, "for examination" Wp see.

A Paris man wants to know if anything can be discovered that really would add to human happiness. Most assuredly. Something, for example, that wasn't made by a moonshiner, and not sold by a bootlegger.

It has been stated that it never was easier to get rich than it is today, but why get rich until such matters as taxes, surtaxes and then some taxes on incomes are so decided that to be rich is to be well off.

A Kentucky woman eighty-three years old, was awarded first prize at the Kentucky State Fair, at Louisville, for the best hand-made corset. To our mind, this shows that relic-making, as we have always suspected, is an industry.

"Standardized homes for people of moderate means, built with Government aid" would be a sorry project. Better a tent of your own choosing and pitching than a palace as like another palace as one pill is like another pill.

The Police Judge of Evansville, Ill., proposes to punish "drunks" by putting them in white clothes and compelling them to clean up the streets. Down in Paris, Ky., they get into their automobiles and "clean up the streets," as the agile survivors are amply aware.

The evidence that is already in is enough to show that the Fatty Arbuckle party was the sort of party at which Arbuckle and his sort are in their element. And, strange to say, if Fatty is acquitted, he will be a hero to hundreds of soft-headed women in this country.

A Kentucky belle who married an Egyptian prince now wants a divorce. In the good old days when the Kentucky society columns announced the marriage of a beautiful and aristocratic daughter of a Bluegrass horse breeder to the handsome son of a wealthy Kentucky distiller divorces were seldom heard of.

A Kentucky paper reaches the conclusion that whereas a man was mighty proud of being daddy of 16 children when ours was a new country and a large family was an asset, a man should take pride in a moderate size family, now that children are a liability. Are we drifting toward the time when the poor man who hasn't a dog which he could not feed or a son or daughter he could feed, clothe and educate will boast to a sympathetic audience and constitute a shining example?

An excited woman, carrying a baby in her arms and a suit case in one hand, rushed up to Ticket Agent Goodman, at the L. & N. station Tuesday afternoon, and, pointing to an incoming train, asked, almost breathlessly: "Say, mister, will that train stop here?" "I hope so, madam," politely responded Mr. Goodman, because, if it doesn't there will be a "because, if it doesn't there will be a lot of busted-up passenger cars and engines and trainmen, and somebody in the L. & N.'s employ will get fired, sure." The train stopped. So did Mr. Goodman. Same thing the woman. The danger was past, and all breathed easier.

Garrulous Person Unpopular.
Talkative people who wish to be loved are hated; when they desire to please, they bore; when they think they are admired, they are laughed at; they injure their friends, benefit their enemies, and ruin themselves.—Plutarch.

What Is Success?
C. W. Nash writes: "Real success is the realization of an ambition to build or to accomplish something worth while and lasting. It is the achievement itself which brings the greater reward of satisfaction, not the money it may amass."

Parachutes.
The prevailing idea that parachutes frequently fall to open is a fallacy. In 600 parachute descents from observation balloons during the war, only three failures occurred.—Brooklyn Eagle.

SIMMS OFFERS \$400,000 FOR ENGLISH SIRE

Edward F. Simms, millionaire turfman and oil magnate and master of Kalapa Farm, in Bourbon County, with John Sanford, the New York turfman, recently made an offer of \$400,000 for The Tetrarch, famous English thoroughbred sire, and a few mares, which they named with him, in the hopes of bringing that celebrated horse to America, to enrich the racing string of this country, according to reports brought to Kentucky by Eastern horsemen, this week.

According to a story told by horsemen, one night recently while Simms and Sanford were at the Ritz-Carlton Hotel in New York, they engaged in conversation about horses and agreed that The Tetrarch ought to be brought to America. So they cabled an offer of \$400,000 for the horse and a few mares named with him. It was practically an offer for the noted sire, but it was not accepted.

The Tetrarch is the sire of Polemarch, which recently won the Doncaster St. Legar, the final and distinctive three-year-old test of British racing, and of Calligula, which won the corresponding event last year. The Tetrarch is owned by Sir Hugh McCalmont, who has so far refused to put a price on the horse, it is said. Mr. Simms some time ago purchased and imported to his Bourbon County estate those great race horses, Prince Palatine and Negofol, which now head his Kalapa Stud.

THE COUNTY DOCTOR

Mecklenburg county, N. C., which includes the city of Charlotte, is now without a single doctor outside the cities and towns. There are four counties in Massachusetts now without doctors.

There are several explanations for this. One is changed living conditions, including the building of good roads and the use of automobiles and telephones. A physician may live in a city or town, keep a telephone and an automobile, and visit his patients for miles around.

But the real reason, perhaps, is that the country doctor, as people used to know him, is passing. This is a day of specialization, with physicians as well as with everybody else. The general practitioner will soon be a thing of the past. In his stead there will be specialists in nervous diseases, stomach diseases, eye, ear and nose diseases, and so on. Indeed, we have almost reached that point now.

The physician who is not a specialist in some particular disease must be at least a diagnostician. He can tell you what is the matter with you, and tell what specialist to consult. The doctor who used to treat all diseases, and with fair success and, if need be, furnish all the medicines needed, will soon be known to the world no more.

But we don't know whether the world will be better off or not.

English Needle Industry.

English needles were first made at Long Crendon, Oxfordshire, and afterward at Redditch, while their manufacture was still in the main a home industry, different stages being completed in the cottages of the workers, who were generally women. Then came machinery; fortunes were made—sometimes lost—in the needle trade as in every other industry.

"True Blue" and the "Blue Ribbon."
The expression true blue is handed down from the Scotch Covenanters of the Seventeenth century, who chose blue as their emblem in opposition to the royal red. The Covenanters were a group bound by a series of covenants to uphold the Presbyterian forms and doctrines of faith. Thus true blue was applied originally to a loyal Presbyterian. The blue ribbon, always the reward of the winner in a race or contest, originated in the use of a blue ribbon as the distinguishing badge of the Knights of the Garter, an order founded by Edward III.

Lowest Prices Ever Quoted

on Titan and International Tractors

The Harvester Company has made another big price cut on Titan and International Tractors. This reduction wipes out all former advances and puts these tractors at the lowest prices at which they have ever been sold. We are offering:

International 8-16, \$900

This price is about one-fourth less than that of March 1, 1921. The new price includes all necessary equipment—platform, fenders, governor, belt pulley—which cost extra on some tractors.

Titan 10-20, \$900

This is the lowest price ever quoted on the Titan, considering equipment included (formerly sold extra). At this price the Titan 3-plow tractor is the best value in the farm power field.

International 15-30, \$1,750

This also is lower than any former price. You cannot find a better 4-plow tractor for the money.

All prices are f. o. b. Chicago. The Harvester Company advises us these prices are made regardless of manufacturing costs and that they do not guarantee to maintain them. These prices certainly justify the immediate purchase of a tractor.

We can arrange suitable terms for you. Come in and see us.

TOBACCO HOUSING IN PROGRESS

The tobacco crop of this county and section is being rapidly housed, and is going into the barn in good condition, and under favorable circumstances so far.

We have heard of no damage from rust or wildfire in this county and we do not think there has been any houseburning of the weed. The dry weather and heavy dews at night have made the leaf of good substance and it is reported to be curing up with good color.

EXTENSION COURSES AT HIGH SCHOOL

Courses in English, psychology and history will be given this school year on Saturday at the Paris High School by University of Kentucky faculty teachers. These courses will start on October 1. All teachers and interested students in Bourbon county who want to enroll for any of these courses are requested to send their names to the Paris High School office.

BRIGHTER EVENINGS

Just History

In '76
The Colonial Dame
Spun her cloth
By Candle flame.

In 1860
In Crinoline bright,
She greeted her guests
By Coal Oil light.

And later on,
How time does pass
Her home was lit
By flickering Gas.

But the girl of to-day
Who wants her home bright,
Just presses a button
And has Electric Light.

PARIS BOY FIGURES IN UNIQUE REAL ESTATE DEAL.

In a letter to THE NEWS, giving a change of address, Ford Fithian, formerly of Paris, writes as follows regarding what was probably the most unique real estate sale ever held in West Virginia:

"As this would probably be an item of interest to your readers, I am writing you about one of the most unique sales of real estate ever held in West Va.

"A sub-division containing 151 lots, lying between Charleston and St. Albans, fronting on the James River and Kanawha Turnpike, and owned by the Miller Development Company, was sold during a period of eight days. On the third day of the sale, fifty-two lots were disposed of at \$42,385. The average size of the lots are 35x125 and ranging from \$450 to \$2,200 each, depending upon the location.

"Mt. Vernon Park, which was originally owned by our first President, has graded streets, city conveniences and in the heart of the industrial section of Charleston and vicinity. It is a restricted section and the logical place for the wage earner to lay the foundation for his future home.

"The sale was conducted by the Beck-Dick Co., (Inc.) of St. Louis, Mo. Thomas Gildersleeve, Assistant Sales Manager, and myself. Each lot bore the price and size of lot on a yellow card marked 'For Sale.' Prospect was assisted in making purchase, and when made, the yellow card was substituted for 'Sold' card, the prospect taking the yellow card to field office, where he signed his contract. At one time it became necessary to have a stenographer on the ground to make the contracts."

"Cold in the Head"

Is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.

HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System, thus reducing the inflammation and restoring normal conditions.

VETERINARIANS ACCREDITED TO TUBERCULIN TESTS

Sixty-four Kentucky veterinarians have been accredited by the United States Bureau of Animal Industry to apply the tuberculin test to tuberculosis free accredited herds of cattle. The applicants took the examination at Danville, July 8, during the State Veterinary Association meeting. The work is being done by the United States Bureau in co-operation with the State Livestock Sanitary Board.

Among those who were accredited were the following from Bourbon county: Drs. L. R. Huffman, W. J. Kiff and J. W. Jameson, Paris; A. B. Plummer, Millersburg.

Has a Kick in It.

According to the chemical experts, the grasshopper should be one of the best foods extant. Wherever man or beast have eaten them in large numbers they have thrived. The scientist says that the grasshopper is more than 40 per cent fat and that it is stuffed with proteins. Maybe the restaurants have been serving us grasshoppers for lamb chops when we were not looking. We always knew that a grasshopper had a kick in it.—Los Angeles Times.

Carpet Cleaning.

If the carpet must be cleaned at home, first beat it thoroughly, and if you have a vacuum cleaner go over it with that. Then make a wad of cotton about the size of an apple. Cover it with linen and go over the carpet with this dipped in a 5 per cent benzine soap solution. If the colors are dulled, sponge it in a weak acetic acid solution.

Notebook.

If you have the habit of putting things away so well that you cannot find them, get a small notebook and when you put something away note the place.

ONE BRAND- ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarettey aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

LYCEUM COURSE FOR PARIS

Teachers and students in the Paris High School are to give Paris this year a Lyceum course of ten numbers. This is one of the largest and best Lyceum courses booked in Kentucky this year. Get ready to buy a season ticket. Misses Lockhart, Ranson, Noland, and Mrs. Harris have charge of the publicity campaign. Misses Butler, Stivers, Brannon and Purnell will look after the finances. The High School auditorium which has just been redecorated, will be the home of the Lyceum course.

JOINT MEETING OF D. A. R. CHAPTERS

The Boonesboro Chapter, D. A. R., of Richmond, and the Jemima Johnson Chapter, of Paris, will unite in a picnic at Boonesboro on Tuesday, September 20, at noon. They have invited through their Regents, Mrs. Stoughton A. Fletcher, of the Lexington Chapter, and Mrs. Victor Dodge, of the Bryan Station Chapter, the members of these two chapters to join them at Boonesboro, each guest taking a small portion of luncheon.

Mrs. Fletcher has been requested to take part in the program of the occasion by giving a paper on "The Early History of Lexington."

KASH CROW IN BAD LUCK AGAIN

Kash Crow, of Paris, who has figured in the public prints on a number of occasions, is again in the toils of the law, this time being charged with having in his possession liquor for purpose of sale.

Crow was placed under arrest Saturday night by Sheriff Will G. McClintock and Patrolman George W. Judy, after a raid made on his rooms on High Street. The officers found several pints and half-pints of "white mule," whisky in different locations in Crow's rooms. The warrant was sworn out by County Attorney D. D. Cline, and issued by County Judge George Batterton. Crow was placed under \$500 bond for appearance before the grand jury, having waived examining trial.

COBURN'S MINSTRELS COMING

At the Grand Opera House, on Tuesday, October 4th. You know this show and its long record of "one of the best," if not the biggest, of old-time and modern, minstrel fun, comedy, music and fine singing. Joe Coburn does not bill himself as a minstrel monarch, nor his aggregation as all-star, super-men, and world beaters; but he gives you a performance which is clean, enjoyable, entirely different every season. You get your money's worth. You find real singers, real dancers, genuine fun and hard-working comedians, who send you out with "the best minstrel I ever saw" as to the quality of his efforts. He takes the stars "stars" away and gives them to a policeman. He tells every man with him, "show me, and keep it up." He plays no favorites, and every man in the big show has his place and work to do. No chair-warmers, nor "Sixty count-em" sleep through the opening or closing numbers on his programmes. Every man works, and you notice it, you enjoy it, you want more of it. It keeps minstrelsy one of the favorite amusement enterprises of American theatres to-day. We don't need to write this, you have seen and know it in the past years. Get your seats early.

—Mrs. Delia McGuire, of Bartlettville, Oklahoma, who has been a guest at the home of Mr. and Mrs. George M. Rose on Lilliston avenue, has gone to Beattyville, for a visit to friends and relatives before returning home.

—Mr. Robert Evans and family, of Paris, and Mr. Parley Evans, of Millersburg, attended a party given in Lexington by Mr. and Mrs. Mrs. Wilson, in honor of the seventy-seventh birthday anniversary of Mrs. Wilson's father, Mr. W. O. Evans.

—Wm. R. Blakemore, of Mitchell & Blakemore, has returned from a three-weeks' stay in Chicago, where he has been on a combined business and pleasure visit. Mr. Blakemore stopped over in Louisville for a short visit en route home.

—Mrs. Walter Henderson Shropshire entertained at her country home, "Valley Forge," on the Gano Hill pike, near Paris, Friday afternoon, with a luncheon-bridge in honor of Miss Patsey Clark, who is soon to be married. There were eight tables seating thirty-six guests. The color scheme for the decorations was white and yellow, which was cleverly carried out in the ices and cakes which followed the meat course of the luncheon. The ices were formed in the shape of wedding designs, the one at Miss Clark's plate being a miniature bride. The individual cakes were decorated with yellow rosebuds to represent wedding bells. The flowers were Marechal Neil roses and garden flowers, a beautiful corsage of the former being presented to the bride-elect.

Public Is Urged To Heed Nature's Warning

Thousands of People Suffer Permanent Loss of Health Because of Neglect—Nature Has Set the Danger Signals for Us and We Cannot Afford to Pass Unnoticed the Warning That She Gives Us.

Good digestion means good health; bad digestion means bad health. A sound stomach is worth a hundred times its weight in gold. Probably eighty per cent. of all diseases originate in the digestive organs. Dyspepsia, or what is more commonly known as indigestion, is not only one of the most prevalent, but it is one of the most difficult to treat of all present-day diseases, and has for years baffled the skill of leading specialists everywhere.

Stomach trouble is almost always followed by a complication of diseases. One of the first being an overworked liver, with all the symptoms of biliousness, followed in turn with headaches, coated tongue, nausea, dizzy spells, pain in the back, palpitation of the heart and other distressing symptoms. Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction; the same theory should apply to stomach trouble.

Gas in the stomach means fermentation instead of digestion; decay, instead of nutrition for fermentation produces poisons, which are absorbed by the blood, and which frequently bring on the condition known as auto-intoxication or self-poisoning. This is also why we develop acidosis, which brings on so many pressure of arteries, high blood pressure and other conditions, which may mean permanent loss of health. Acidosis is one of the main forerunners of Bright's disease and diabetes, hence it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it.

If we are not fit as a fiddle in the morning; if we don't feel better than when we went to bed; if our breath is offensive; and we have that bad taste in the mouth; nature has set the danger signals for us and we cannot afford to neglect the warning that she gives us. That is just why the demand for Tanlac, the great Stomach, Systemic and Reconstructive tonic has broken all world's records.

The American people have learned that it probably provides the surest, safest and quickest remedy for all such troubles, and millions upon millions have taken it with the most astonishing and gratifying results. Tens of thousands of men and women of all ages and in all walks of life afflicted with stomach, liver and kidney disorders, some of them of long standing, as well as thousands of weak, thin, nervous men and women apparently on the verge of collapse have testified publicly that they have been fully restored to their normal health, strength and weight by its use. Still others who seemed fairly well, yet who suffered with indigestion, headaches, shortness of breath, dizzy spells, sour, gassy stomachs, coated tongues, foulness of breath, constipation, bad complexion, loss of appetite, sleeplessness at night and terribly dejected, depressed feelings state that they have been entirely relieved of these distressing symptoms and restored to health and happiness by Tanlac.

NOTE: Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac Treatment wherever constipation is present.

You cannot hope to get satisfactory results from the Tanlac Treatment without first establishing a free and regular movement of the bowels. It stands to reason that no treatment can do the greatest amount of good when you are suffering from constipation or biliousness, or when your system is clogged up with waste products and poison.

Tanlac and Tanlac Vegetable Pills are sold by all leading druggists. (adv)

A CRIME AND ITS LESSON

It is a sickening story that comes from Burke county, N. C. A prominent citizen of the community, a county official, while under the influence of whiskey, cut his wife's throat and killed her.

He was a good citizen when sober, we are told, and loving husband. But whiskey made him a maniac and drove his wife into a premature grave.

He was filled with remorse when he got sober, of course, and the remorse will abide with him every minute for the remainder of his days.

He may be brought to trial and convicted and given the supreme punishment for the crime which he committed while in his crazed condition, but this will not atone for the crime; and the ends of justice will not be met until the man who made the whiskey and the man who sold it are convicted and given the full penalty of the law.

There is no doubt about it. The men who make and sell whiskey in violation of the law should be required to suffer the same penalty as those who commit crimes while under the influence of whiskey.

This horrible affair in North Carolina will make good people everywhere more determined than ever to stamp out, root and branch, whiskey making and whiskey selling.

SUMMER PASSING BY; COOLER WEATHER FORECAST

Summer is on the wane. Weather Bureau officials said so, and then backed up their statement with formal forecasts of "frost, colder, much cooler," for the Northern portion of the country.

Temperatures which ranged around freezing or below in Montana and Wyoming will begin to fall in the Middle Western States and before the new weeks gets far under way there will be a change for the cooler all the way eastward to the Atlantic Coast.

The decline in temperature will not be so decided east of the Mississippi as has been experienced in the snow covered regions of Montana, they declare.

Superstition Concerning Caul.

The caul is a thin membrane found unaccompanied the head of some children when born, and it is considered a good omen for the children themselves. This superstition probably became widespread about the time of the Emperor Antoninus Pius. When he was born he had a band of membrane around his forehead in the shape of a diadem, and he attributed all his good fortune to this caul, and this started the sale of them. A few sailors carrying them who then happened to be saved from shipwreck diverted the superstition toward mariners.

SOME PLAIN TRUTHS

Herbert Hoover, in a speech in Boston the other day, gave utterance to some plain truths which must appeal to all thinking persons, of whatever political persuasion. He discussed the industrial and financial situation of the world in general and in this country in particular at some length, and wound up with the following:

"But when all is said and done, the best cure for all depression is courage and applied intelligence and the return to the primary virtues of hard, conscientious toil and economy in living. On every side there is evidence that the vast majority of our whole nation is making an effort again in these directions, equaled only by that of 1918. While our recovery may be slower than some may expect, nothing can prevent the prosperity of a country where the people have enlightenment, the wish to work, the wish to produce, and the wish to do right by their neighbors."

"We are a nation of men, women and children. Our industrial system and our commerce are simply instruments for their comfort and happiness."

"When we deal with these great problems of business and economics we must be inspired by the knowledge that we are increasing and defending the standards of living of our people. Upon this soil grow all those moral and intellectual forces that make our nation great."

This is about the most statesmanlike utterance that we have read in some time. It is inspirational.

The fact that the resources of this country are so great, and the people of the country themselves are so great that we will not have any serious business depression for very long at a time.

And the more steadfast we are to the principles of common honesty and decent living, the more enduring and unassailable will be our prosperity.

Home Proof, Here, There and Everywhere

When you see Doan's Kidney Pills recommended in this paper you must always find the recommender a Paris resident. It's the same everywhere—in 3,800 towns in the U. S. Fifty thousand people publicly thank Doan's. What other kidney remedy can give this proof of merit, honesty and truth? Home testimony must be true or it could not be published here. Read this Paris recommendation. Then insist on having Doan's. You will know what you are getting.

O. T. Sprake, contractor and carpenter, 304 Main street, says: "I have been a sufferer from kidney trouble for many years, but Doan's Kidney Pills is the best medicine I have ever been able to find. They always give me fine relief and I can't recommend them too highly. I have been in bad shape at times and backache caused me to lay off work for several days. I was greatly annoyed by the frequent passage of the kidney secretions, which contained a sandy sediment. Whenever I have any need for such a medicine I use Doan's Kidney Pills and it doesn't take long to fix me up in good shape." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Sprake had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

PROFESSOR PREDICTS HARD WINTER IS COMING

That next winter will be a cold one is the indication of weather data compiled by Dr. C. F. Brooks, formerly meteorologist of the Federal Weather Bureau and now associate professor of meteorology and climatology at Clark University.

An analysis of the weather records of more than a century indicates that we are experiencing a series of alternations of severe and warm winters. Last fall, on the basis of his investigation, Dr. Brooks said that last winter would be warm. It was.

Now he says that it is not unreasonable to expect that next winter will be a cold one, and that the winter of 1922-23 will be a warm one.

U. S. PLEDGES BURLEY LOANS.

WASHINGTON, Sept. 16.—Financial support from the Federal Government in the marketing of the 1921 Burley tobacco crop, through the Burley Growers Co-operative Marketing Association, organization of which is now nearly completed, was definitely assured Wednesday, following several conferences between representatives of the preliminary committee of burley growers and Treasury Department officials.

Two important results obtained from the conferences, which, according to the committee representatives, guarantee the successful handling of the crop by the association, are:

First, definite assurance given by the War Finance Corporation that if the burley growers organize under the proposed co-operative marketing plan, the corporation will give any application made by the association the same consideration that already has been given to similar organization of cotton growers, advances to which have been in excess of 50 per cent of the value of the crop.

Second, presentation to the Federal Reserve Board of a request for a ruling that a grower's drafts on the association, accompanied by weight tickets, shall be classed as agricultural paper, and indications of the officials that a favorable reply may be expected, which would entitle such paper to six months credit, rather than three months allowed commercial paper.

Answers Last Criticism

Early in the afternoon, the delegation representing the tobacco organization held a conference with the Board of Directors of the War Finance Co-operation, at the conclusion of which confidence was expressed that the Federal authorities are ready to back the burley co-operative marketing movement, being organized in forty-one counties in Kentucky two in Ohio and two in Indiana, to the same extent that it has been assisting similar organizations of cotton growers. This, it is held by the tobacco growers' committee, insures the financial stability of their organization from all criticism.

Those representing the marketing association at the conferences today were:

Judge Robert W. Bingham, Louisville, chairman; James C. Stone, Lexington; William E. Simms, Spring Station; James C. Wilson, Louisville; Charles N. Manning, Lexington, and W. C. Montgomery, Elizabethtown.

Statement On Conference

Following the meeting between this delegation and the War Finance Corporation Board, Judge Bingham issued the following statement:

"The War Finance Corporation held a conference this morning with a committee representing the marketing co-operative association now forming to merchandise the Burley tobacco produced in the United States, and after going over the plan of organization, stated to the committee that the board had heretofore agreed to advance in excess of 50 per cent of the value of certain crops, such as cotton, to co-operative marketing organizations formed on the California plan, this plan being the one adopted by the burley growers, and that if the burley growers organize under this plan and apply to the board, they may expect the same consideration given to similar applications, due regard being had to general conditions, financially and otherwise, and the proper organization and management of the burley growers' co-operative association."

Kills Doubt Of Success.

"The War Finance Corporation Board has assured us that the Burley Growers' Co-operative Marketing Association will be given the same consideration that these other groups have received," said James C. Stone, Lexington, vice chairman of the committee.

"That is all we could ask for, and in all probability is considerably more than we shall need. The attitude taken by the corporation officials removes every possible doubt of the successful financing of the burley growers through this association."

BUSINESS FAILURES

R. G. Dunn & Co. report that business failures are declining. They have fallen from 1,895 for the whole country in January to 1,200 in June. The prospects are bright for continued decrease. The note of improvement is beginning to drown out the chorus of alarm.

One of the financial experts says that many of the failures, although it may seem unkind to say so, are excellent signs of returning business solidity, for they have occurred where business had been built upon inflated standards and conducted along unsound, wasteful lines.

This sort of business is gradually disappearing, as it should. The firms which weather the depression will be of the type entitled to endure because their methods are sound and represent real service to the public in return for the profits reaped.

In the meantime deflation goes rapidly on. It is said, by those in a position to know, to have traveled as far in one year since the world war as it took several years to cover after the civil war.

It is a rather painful process, to be sure, but maybe it will mean that the return to normal business conditions will be all the more rapid. It will do no harm to hope for it, and to plan for it, at any rate.

The Time May Come.

Do you discriminate at the dining table—or are you thoughtless?

In thousands of homes, a "line" is drawn at the breakfast table. Tea or coffee is served for "grown-ups" and Postum for children. But some parents do not discriminate. Caffeine and tannin, the injurious contents of coffee and tea, seriously retard the development of the delicate nerve tissues in children.

an older person, but in many cases the nervous system and allied bodily functions will become weakened. The surest way to avoid such possibilities is to quit coffee entirely and drink Postum instead. The change permits you to get sound, restful sleep.

Postum is the well-known, meal-time beverage. Like thousands of others you will like it because, in flavor, it is much like a high-grade coffee.

Do away with the distinction at the table. Serve delicious Postum, piping hot, to all the family. One week's trial and it is likely that you'll never return to tea and coffee.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

Consequently, instead of rich, satisfying Postum, children are overstimulated by the drugs in tea and coffee; and so may grow up irritable and nervous. Any doctor can tell you that this is a great evil and should be corrected.

Although some parents feel a certain justification for the personal indulgence in coffee, yet the harm to them may be equally serious. It may take a little while longer for the drugs in coffee and tea to affect

PRODUCTION OF PIG IRON INCREASED IN STATE

With an increase of 54 per cent. in the quantity of pig iron produced during the year, Kentucky last year passed Tennessee in this industry, but while the increase in the value of its output was 62 per cent, it failed to pass Tennessee in the value of its pig iron production.

The industry grew in Kentucky beyond the average, for the quantity produced in the nation increased but 19 per cent. The value of the Kentucky product in 1920 was \$7,306,171, compared with \$4,508,129 in 1919, and the State ranked twelfth in the value of its output both years.

BOURBON LAND AVERAGES \$123.43 PER ACRE.

Bourbon County land stands third in assessed valuation according to figures given out by the State Tax Commission at Frankfort, Thursday. Fayette County tops the list for the entire state with a valuation of \$157,511 per acre and Jefferson County, in which Louisville is located is second with an assessment of \$132.09 per acre.

Central Kentucky, the figures show, easily the largest assessment on its lands of any section of the state. Bourbon county is third on the assessment list with an average of \$123.42 an acre and Woodford county is fourth with an average of \$111.59 an acre. Valuation in other Central Kentucky lands are Clark county, \$97.41; Boyle, \$75.32; Scott, \$75.98; and Jessamine, \$73.98.

Kenton and Campbell counties, located in the northern part of the state, rank well on the assessment list. Kenton is assessed at \$63.22 and Campbell at \$62.13. Mason and Madison counties have assessments of \$79.61 and \$60.10 respectively.

The average price of land in Kentucky, as assessed for taxation for the year 1921 is \$30.89 an acre, according to the figures. Mineral rights owned in fee simple are assessed at \$6.77 an acre while leases are assessed at an average of \$3.31 an acre.

Mineral rights, it was explained at the office of the commission do not include the value of the land for other purposes than mining.

There are according to the tax reports made to the commission, 24,011,563 acres of land listed for taxation in the state and the total value is \$741,943,101. Mineral rights owned in fee simple total 1,903,980 acres and are valued at a total of \$12,904,526, while mineral rights leased total 1,603,497 acres and were valued at \$5,312,261.

The lowest valuation per acre for taxation is placed on Menifee county lands with an assessed value of \$7.02 an acre. Other valuations less than ten dollars an acre are Martin county, \$8.70 an acre; McCreary county, \$7.37 an acre; Magoffin, \$9.06; Leslie, \$9.86; Breathitt \$9.96; Elliott \$9.30; Jackson, \$8.56; Knott, \$7.47 and Rowan, \$7.32.

THE TAX DODGER

The federal commissioner of internal revenue said the other day that more than \$20,000,000 was added to the government's revenues during the fiscal year just ended through recoveries from false and fraudulent tax returns.

It is stated that indictments have been returned in every section of the country and that many persons have been sent to prison.

The announcement of these facts is, of course, to be regretted, but the country will be glad to know that the officials of the revenue department are not asleep and are on the trails of those who are seeking to evade the laws.

The income tax law is the law of the land and must be held in respect by all, regardless of their views as to its justice.

The income tax should bear equally upon all and operate for the benefit of all. Let there be "equal rights for all and special privileges for none."

Your Checks

Safeguarded, too

In our Bank we use every known method for protection of our depositors. We have adopted the Protectu Check System for the benefit of our depositors so that the amount of their checks may be safeguarded against being "raised" should they be lost, stolen, or fall into dishonest hands.

With the Protectu Check System, you can write your check for a given amount and by a cutter attached to the cover, you can then tear off the check at the desired amount [like a money order]. No check raiser can then raise your check for five to five hundred or ten to one hundred dollars.

These new Protectu Checks are supplied to all our depositors with checking accounts without cost.

If you are considering opening a checking account, call at our bank and see this improved service that we are furnishing our patrons.

MATRIMONIAL.

—A marriage license was issued yesterday from the office of County Clerk Pearce Paton to John R. McDermott, manager of the Postal Co.'s local office, and Mrs. Mollie Campbell, of Paris.

CAMPBELL—McDERMOTT

—A wedding that will be somewhat in the nature of a surprise to what in the nature of a surprise to the many friends of the principals took place at the home of Rev. Father William O'Hare, pastor of the Church of the Annunciation, in this city, at 6:30 o'clock this morning, when Mr. John R. McDermott and Mrs. Mollie Campbell, both of Paris, were united in marriage. The attendants were James Higgins and Miss Allie Crutchfield, both of Paris.

Following congratulations and good wishes Mr. and Mrs. McDermott left in an automobile for Lexington, from where they took a Cincinnati Southern train for a visit to Charleston, South Carolina, and other points of interest in the South. On their return they will be at home to their friends after October 1, at their home on South Clifton avenue.

Mr. McDermott is the manager of the Postal Telegraph Co., at Paris, and is deservedly popular with a large circle of friends and acquaintances. His bride is a handsome and attractive woman, who has for the past three years been a professional nurse in this city. Mr. and Mrs. McDermott have the best wishes of THE NEWS force for a long and happy married life.

NOTES OF THE LODGES

About fifty Masons from all parts of the county attended a fish fry given by Washington Lodge, F. & A. M., No. 70, of North Middletown, held at the home of C. C. Hadden, on the Winchester pike. The fish served were taken from the big fish pond on Mr. Hadden's farm.

Regular meeting of A. J. Lovely Co., No. 34, Uniform Rank, Knights of Pythias, will be held at the K. of P. Hall, Wilson Building, at 7:30 o'clock to-morrow, (Wednesday) night. Capt. W. W. Dudley warns all members to attend, as there will be "something doing" that will be of great interest to all.

Richard Couer de Lion Commandery, of Paris, has received an invitation to attend the special conclave to be held by the Richmond Commandery, Knights Templar, on Thursday night, September 22. The feature of the occasion will be the presentation of the Past Commander's jewels to the Past Commanders of Richmond Commandery made by Eminent Past Commander W. W. Clark, of Owensboro.

RELIGIOUS.

—The eighty-ninth annual convention of the Christian church convened in Louisville yesterday, and will last through Thursday, in what will be, according to leaders in the church, the greatest meeting in the history of the State. The sessions will be held in the First Christian church. An educational session was held last night, at which time financial statements of Transylvania College, the College of the Bible and the Kentucky Female Orphan School were presented. The sessions to-day will start with a conference on women's missionary work in the State by the Kentucky Women's Missionary Society, and with two intermissions will continue through the afternoon and evening sessions.

IN

"The Man Who Had Everything"

"May you always have everything you want." That was the blind beggar's curse, pronounced on the wastrel son of the rich Mr. Bullway. The remarkable story of how the curse was turned into a blessing is told in the fascinatingly different Jack Pickford Picture.

Adolph Zukor Presents a George Fitzmaurice Production

"THE RIGHT TO LOVE"

With Mae Murray and David Powell. A Paramount Picture.

Beauty! Passion! Splendor! And the soul of a radiant woman flaming into love. A Turkish tale of a young American wife—sold to a knave—forced to share even her home with the "other woman"—delivered up to a roue's insults—torn from the arms of her child—rising at last, rebellious, to the right of her sex to claim her mate.

All the lure of the City of the Sultans, rich as an Ottoman tapestry. Now seething with struggle, mystery, intrigue. Now under the spell of midnight eyes and summer moonlight shining on the Golden Horn. "On With the Dance," by George Fitzmaurice, was a photoplay sensation. Remembering that—now see "The Right to Love."

DEATHS.

DUNAWAY.

—Holton Dunaway, aged thirty-seven, died at Berry, in Harrison county, after a long illness caused by dropsy. He was a brother of J. L. Dunaway, both of Paris. The funeral took place at the Berry Christian church, with services conducted by Rev. S. H. Burgess, the interment following in the Pythian Cemetery at Berry.

DYCUS

—Bettie Boswell Dycus, two-year-old daughter of Mr. and Mrs. Jack terDycus, died at the home of her parents, in Georgetown, Sunday afternoon, at four o'clock, after a three-weeks' illness of spinal meningitis. The body will be brought to Paris this afternoon for interment in the Paris Cemetery at three o'clock. Services will be conducted at the grave, by Dr. F. W. Eberhardt, of the Georgetown Baptist church.

McGINLEY

—The body of ERNE McGinley, son of J. M. McGinley, of Nicholas county, arrived in Louisville, Friday, and was sent to Carlisle, arriving there Saturday. Young McGinley was the last of Nicholas county's soldier dead to be brought home. He was also one of three Nicholas county boys killed in action in France.

Young McGinley was related to John McGinley and Thomas McGinley, of Paris, and Henry McGinley, of Cincinnati. Military services were conducted in the Carlisle Cemetery, Sunday afternoon at 2:30 o'clock, by the Carlisle Post American Legion and Rev. B. B. Hester, pastor of the Presbyterian church.

THORNE

—Mrs. Sarah Jane Thorne, aged seventy-two, widow of J. H. Thorne, died at her home in Millersburg, Friday night, after a long illness due to a complication of diseases. Mrs. Thorne was one of the pioneer residents of Millersburg, and had spent practically all her life there. She was a devoted mother and wife, and was greatly loved by all who knew her.

Mrs. Thorne is survived by eight children, Mrs. John Purdy, Millersburg; Mrs. Smith Clarke, Louisville; Mrs. E. M. Millen, Philadelphia, Pa.; John Thorne, Lexington; Lawrence Thorne, Paris; Thomas Thorne, Millersburg; William Thorne, Oklahoma City, Okla.

The funeral was held at the family home in Millersburg at three o'clock Sunday afternoon. The burial followed on the family lot in the Millersburg Cemetery.

HOUGH

—Charles T. Hough, aged fifty, a retired farmer of Bourbon county, died at his home on Twentieth street, in this city, at eleven o'clock, Saturday morning, after a long illness. Mr. Hough was a son of C. L. and Josie Lindsay Hough, who formerly resided in the Riddles Mills vicinity, and was well-known to the farmers of Central Kentucky.

Mr. Hough is survived by his father and mother, two sisters, Misses Lizzie and Lillian Hough, both of Paris, and four brothers, Lindsay Hough, of Bourbon county; Ernest Hough, of Scott county; T. Hough, of Paris, and Ben Hough, of Scott county.

The funeral was held at 4:15 o'clock, Sunday afternoon, with services conducted at the grave in the Paris Cemetery by Rev. W. T. Mullin, of New Albany, Ind. The pallbearers were James Fisher, Thomas Padg-

ett, Granville Denton, Ernest Smith, Dr. George Rankin, J. B. Cunningham, ham.

BRIDWELL

—Mrs. M. A. Bridwell, formerly of Millersburg, died recently at her home in Denver, Colo., where she had resided since moving from Bourbon county several years ago. Mrs. Bridwell is survived by nine children, three of whom, Rollie T. Bridwell, Mrs. J. A. Savage and Mrs. J. U. Boardman, formerly residents of Paris. The funeral took place Friday afternoon in Denver.
